**OCEANCONNECT BECOME
CONOCOPHILLIPS MARINE AGENT**

OceanConnect UK is pleased to announce that, starting February 1st 2010, we will become a ConocoPhillips Marine Agent.

OceanConnect UK, whose main office is located in London, established their Hull office in 2007 to focus on developing the UK and European markets. OceanConnect view this as the next step to positioning itself as a leading player in the UK bunker market.

Graham Furse, MD of OceanConnect UK explains that, "It is the aim of OceanConnect UK to use this new business model to expand its UK business even further."

OceanConnect Hull is managed by Chris Todd and Steven Wilson who have over 20 years combined experience in the UK bunker market.

OceanConnect are perfectly placed to develop this new strategic alliance with oil major ConocoPhillips Ltd.

Chris Todd commented, "We feel that with our experience and knowledge of the UK market, we can develop areas with ConocoPhillips that previously haven't been explored. This alliance will also be of great benefit to existing OceanConnect customers who will benefit from the strengthening of our position as a leading player in the bunker market "
